Definition of CHECKS AND BALANCES - Merriam-Webster Checks and balances definition is - a system that allows each branch of a government to amend or veto acts of another branch so as to prevent any one branch from exerting too much power. a system that allows each branch of a government to amend or veto acts of another branch so as to prevent any one branch from exerting too muchâ€¦. Checks and Balances - GPO Checks and Balances The Constitution divided the Government into three branches: legislative, executive, and judicial. That was an important decision because it gave specific powers to each branch and set up something called checks and balances. Checks and Balances - Fact Monster The system of checks and balances is an important part of the Constitution. With checks and balances, each of the three branches of government can limit the powers of the others. This way, no one branch becomes too powerful. Each branch â€œchecksâ€• the power of the other branches to make sure that.

Checks and balances | Define Checks and balances at ... Checks and balances definition, limits imposed on all branches of a government by vesting in each branch the right to amend or void those acts of another that fall within its purview. See more. checks and balances | Definition & History | Britannica.com Checks and balances, principle of government under which separate branches are empowered to prevent actions by other branches and are induced to share power. Checks and balances are applied primarily in constitutional governments.

Separation of Powers: A System of Checks and Balances The system of checks and balances is intended to make sure that no branch or department of the federal government be allowed to exceed its bounds, to guard against fraud, and to allow for the timely correction of errors or omissions. Indeed, the system of checks and balances is intended to act as a sort of sentry over the separation of powers.
